#### INDEPENDENT AUDITOR'S REPORT

#### To the Board of Education of Baxter Community School District:

#### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Baxter Community School District, Baxter, Iowa, as of and for the year ended June 30, 2021, and the related Notes to Financial Statements, which collectively comprise the District's basic financial statements listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles. This includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Baxter Community School District as of June 30, 2021, and the respective changes in its financial position and, where applicable, its cash flows thereof for the year then ended in accordance with U.S. generally accepted accounting principles.

#### **Other Matters**

#### Required Supplementary Information

U.S. generally accepted accounting principles require Management's Discussion and Analysis, the Budgetary Comparison Information, the Schedule of the District's Proportionate Share of the Net Pension Liability, the Schedule of District Contributions, the Schedule of Changes in the District's Total OPEB Liability, Related Ratios and Notes on pages 7 through 15 and 44 through 49 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. generally accepted auditing standards, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Baxter Community School District's basic financial statements. We previously audited, in accordance with the standards referred to in the third paragraph of this report, the financial statements for the nine years ended June 30, 2020 (which are not presented herein) and expressed unmodified opinions on those financial statements. The supplementary information included in Schedules 1 through 6, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated January 11, 2023 on our consideration of Baxter Community School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering Baxter Community School District's internal control over financial reporting and compliance.

NOLTE, CORNMAN & JOHNSON, P.C.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

Baxter Community School District provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2021. We encourage readers to consider this information in conjunction with the District's financial statements, which follow.

#### 2021 FINANCIAL HIGHLIGHTS

- General Fund revenues increased from \$4,330,245 in fiscal year 2020 to \$5,370,660 in fiscal year 2021, while General Fund expenditures increased from \$4,782,779 in fiscal year 2020 to \$5,436,928 in fiscal year 2021. Expenditures outpaced revenues resulting in a decrease in the District's General Fund balance from \$515,005 at June 30, 2020 to \$448,737 at June 30, 2021.
- The increase in General Fund revenues was mainly attributable to an increase in state and federal source revenues. The increase in expenditures was due primarily to an increase in instruction expenditures compared to fiscal year 2020.
- The District's total net position increased from \$4,999,392 at June 30, 2020 to \$5,171,741 at June 30, 2021. Total revenues increased from \$5,816,736 in fiscal year 2020 to \$6,564,186 in fiscal year 2021, a 12.85% increase, while total expenses increased from \$6,135,235 in fiscal year 2020 to \$6,690,145 in fiscal year 2021, a 9.04% increase compared to the prior year. The increase in revenues is due primarily to an increase in operating grants, contributions and restricted interest. The increase in expenses is due primarily due to an increase in instruction expenditures.

#### **USING THIS ANNUAL REPORT**

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the District's financial activities.

The Government-wide Financial Statements consist of a Statement of Net Position and a Statement of Activities. These provide information about the activities of Baxter Community School District as a whole and present an overall view of the District's finances.

The Fund Financial Statements tell how governmental and business type activities were financed in the short term as well as what remains for future spending. Fund financial statements report Baxter Community School District's operations in more detail than the government-wide statements by providing information about the most significant funds. The remaining statements provide financial information about activities for which Baxter Community School District acts solely as an agent or custodian for the benefit of those outside of the District.

Notes to Financial Statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the District's budget for the year, the District's proportionate share of the net pension liability and related contributions, as well as presenting the Schedule of Changes in the District's Total OPEB Liability, Related Ratios and Notes.

Supplementary Information provides detailed information about the nonmajor governmental funds.

Figure A-1 shows how the various parts of this annual report are arranged and relate to one another.

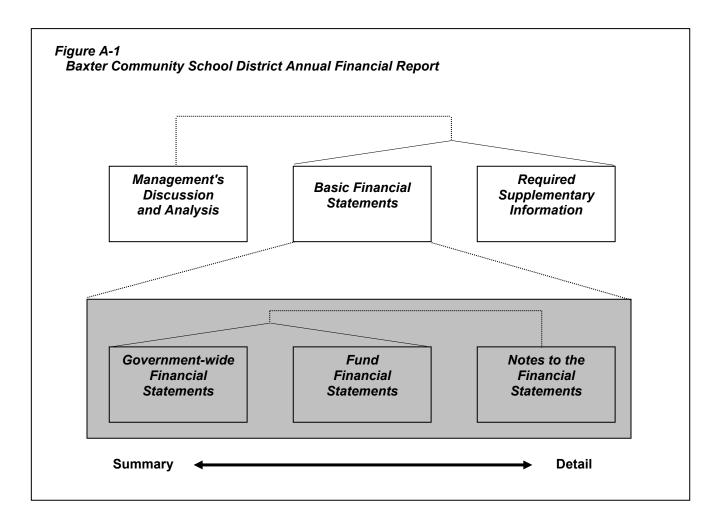

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain.

#### REPORTING THE DISTRICT'S FINANCIAL ACTIVITIES

#### **Government-wide Financial Statements**

The government-wide financial statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. All of the current year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid.

The two government-wide financial statements report the District's net position and how it has changed. Net position is one way to measure the District's financial health or financial position. Over time, increases or decreases in the District's net position is an indicator of whether financial position is improving or

deteriorating. To assess the District's overall health, additional non-financial factors, such as changes in the District's property tax base and the condition of school buildings and other facilities, need to be considered.

In the government-wide financial statements, the District's activities are divided into two categories:

- Governmental activities: Most of the District's basic services are included here, such as regular and special education, transportation and administration. Property tax and state aid finance most of these activities.
- Business type activities: The District charges fees to help cover the costs of certain services it provides. The District's school nutrition program is included here.

#### **Fund Financial Statements**

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds - not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs.

Some funds are required by state law and by bond covenants. The District establishes other funds to control and manage money for particular purposes, such as accounting for student activity funds, or to show that it is properly using certain revenues, such as federal grants.

The District has two kinds of funds:

1) Governmental funds: Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs.

The District's governmental funds include General Fund, the Special Revenue Funds, the Debt Service Fund and the Capital Projects Fund.

The required financial statements for governmental funds include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances.

2) Proprietary funds: Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the government-wide financial statements. The District's Enterprise Fund, one type of proprietary fund, is the same as its business type activities, but provides more detail and additional information, such as cash flows. The District's Enterprise Fund is the School Nutrition Fund.

The required financial statements for proprietary funds include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Fund Net Position and a Statement of Cash Flows.

Reconciliations between the government-wide financial statements and the governmental fund financial statements follow the governmental fund financial statements.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

Figure A-3 below provides a summary of the District's net position at June 30, 2021 compared to June 30, 2020.

| Condensed Statement of Net Position   Governmental   Business Type   Total   Total   Change   June 30,   Ju | •                               | Figure A-3   |             |               |                                       |             |             |          |  |

The District's total net position increased 3.45%, or \$172,349 from the prior year.

The largest portion of the District's net position is invested in capital assets (e.g., land, infrastructure, buildings and equipment), less the related debt. The debt related to the investment in capital assets is liquidated with resources other than capital assets.

Restricted net position represents resources subject to external restrictions, constitutional provisions or enabling legislation on how they can be used. The District's restricted net position increased \$323,130, or 27.63%, from the prior year. The increase in restricted net position was due primarily to an increase in the amount restricted for school infrastructure compared to the prior year.

Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements - decreased \$122,714, or 6.76%. This decrease in unrestricted net position was primarily a result of the increase in the District's net pension liability.

Figure A-4 shows the changes in net position for the year ended June 30, 2021 compared to the year ended June 30, 2020.

In fiscal year 2021, property tax and unrestricted state grants accounted for 63.03% of governmental activities revenues while charges for service and operating grants, contributions and restricted interest accounted for 98.67% of the revenue from business type activities.

The District's total revenues were approximately \$6.56 million, of which approximately \$6.33 million was for governmental activities and approximately \$0.23 million was for business type activities.

As shown in Figure A-4, the District as a whole experienced a 12.85% increase in revenues and a 9.04% increase in expenses. The increase in revenues is primarily due to an increase in operating grants, contributions and restricted interest received. The increase in expenses is primarily due to an increase in instruction expenses incurred compared to the prior year.

#### **Governmental Activities**

Revenues for governmental activities were \$6,333,113 and expenses were \$6,496,082 for the year ended June 30, 2021.

The following table presents the total and net cost of the District's major governmental activities, instruction, support services and other expenses, for the year ended June 30, 2021 compared to those expenses for the year ended June 30, 2020.

|                                 |                      | Figure A-5 Total and Net Cost of Governmental Activities |                   |                      |                      |                   |  |  |  |  |  |  |

For the year ended June 30, 2021:

- The cost financed by users of the District's programs was \$1,152,483.
- Federal and state governments along with contributions from local sources subsidized certain programs with grants and contributions totaling \$665,644.
- The net cost of governmental activities was financed with \$1,968,991 in property tax, \$153,562 in income surtax, \$322,136 in statewide sales, services and use tax, \$2,022,629 in unrestricted state grants, \$6,664 in interest income and \$41,004 in other general revenues.

#### **Business Type Activities**

Revenues of the District's business type activities during the year ended June 30, 2021 were \$231,073 and expenses were \$194,063. The District's business type activities include the School Nutrition Fund. Revenues of these activities were comprised of charges for service, federal and state reimbursements and other general revenues.

#### INDIVIDUAL FUND ANALYSIS

As previously noted, Baxter Community School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The financial performance of the District as a whole is reflected in its governmental funds, as well. As the District completed the year, its governmental funds reported combined fund balances of \$2,087,978, below last year's ending fund balances of \$3,215,416. The primary reason for the decrease in combined fund balances is decrease in the Capital Projects Fund balance.

#### **Governmental Fund Highlights**

• The District's General Fund financial position is the product of many factors. An increase in state and federal source revenues received compared to the prior year resulted in an increase in total revenues from \$4,330,245 in fiscal year 2020 to \$5,370,660 in fiscal year 2021. Expenditures increased compared to fiscal year 2020 primarily due to an increase in instruction costs. Expenditures exceeded revenues during the year resulting in a decrease in fund balance to \$448,737 at June 30, 2021.

- The Capital Projects Fund balance decreased from \$2,289,375 at June 30, 2020 to \$1,231,057 at June 30, 2021. Expenditures outpaced revenues leading to the decrease in the fund balance.
- The Management Levy Fund balance increased from \$275,044 at June 30, 2020 to \$305,837 at June 30, 2021. Revenues and expenditures did not vary significantly from the prior year.
- The Debt Service Fund balance increased from \$49,612 at June 30, 2020 to \$56,633 at June 30, 2021. Revenues and expenditures did not vary significantly from the prior year.

#### **Proprietary Fund Highlights**

The School Nutrition Fund net position increased from deficit \$61,683 at June 30, 2020 to deficit \$24,673 at June 30, 2021, representing an increase of 60.00%. The increase in net position is due primarily to an increase in operating grants, contributions and restrict interest revenues compared to the prior year.

#### **BUDGETARY HIGHLIGHTS**

The District's total revenues were \$70,279 more than budgeted revenues, a variance of 1.08%. The most significant variance resulted from the District receiving more from federal sources than originally anticipated.

It is the District's practice to budget expenditures at the maximum authorized spending authority for the General Fund. The district then manages or controls general Fund spending through its line-item budget. As a result, the District's certified budget should always exceed actual expenditures for the year.

In spite of the District's budgetary practice, expenditures in the support services and other expenditures functional areas exceeded the amounts budgeted as well as in total.

#### CAPITAL ASSETS AND DEBT ADMINISTRATION

#### **Capital Assets**

At June 30, 2021, the District had invested \$13,096,585, net of accumulated depreciation, in a broad range of capital assets, including land, buildings, athletic facilities, computers, audio-visual equipment and transportation equipment. (See Figure A-6) This amount represents an increase of 7.64% from last year. More detailed information about the District's capital assets is presented in Note 3 to the financial statements. Depreciation expense for the year was \$386,187.

The original cost of the District's capital assets was \$17,460,798. Governmental funds accounted for \$17,393,509 with the remaining \$67,289 accounted for in the Proprietary, School Nutrition Fund.

The largest change in capital asset activity during the year occurred in the buildings category. The District's buildings, net of accumulated depreciation, totaled \$12,603,778 at June 30, 2021, compared to \$4,744,338 at June 30, 2020. The increase resulted primarily from the completion of the high school building project.

#### Long-Term Debt

At June 30, 2021, the District had \$7,639,000 in long-term debt outstanding (see Figure A-7). More detailed information about the District's long-term liabilities is presented in Note 5 to the financial statements.

- The District had total outstanding general obligation bonds of \$5,754,000 at June 30, 2021, payable from the Debt Service Fund.
- The District had total outstanding revenue bonds of \$1,885,000 at June 30, 2021, payable from the Capital Projects: Statewide Sales, Services and Use Tax Fund.

#### **ECONOMIC FACTORS BEARING ON THE DISTRICT'S FUTURE**

At the time these financial statements were prepared and audited, the District was aware of several existing circumstances that could significantly affect its financial health in the future:

Low allowable growth over several years is negatively impacting the District's spending authority.
 Contractual increases and program changes cannot be made without thorough consideration of our unspent authorized budget.

#### CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide the District's citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Julie McWhirter, District Secretary/Treasurer and Business Manager, Baxter Community School District, 202 East State Street, Baxter, Iowa, 50028.

#### BAXTER COMMUNITY SCHOOL DISTRICT RECONCILIATION OF THE BALANCE SHEET - GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION JUNE 30, 2021

Total fund balances of governmental funds (page 20)

\$ 2,087,978

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported as assets in the governmental funds.

13,094,209

Accounts receivable income surtax is not available to finance expenditures of the current year and, therefore, is recognized as deferred inflows of resources in the governmental funds.

143,073

Accrued interest payable on long-term liabilities is not due and payable in the current year and, therefore, is not reported as a liability in the government funds.

(32,371)

Pension and OPEB related deferred outflows of resources and deferred inflows of resources are not due and payable in the current year and, therefore, are not reported in the governmental funds, as follows:

Deferred outflows of resources Deferred inflows of resources 754,014

(209,030)

3

544,984

Long-term liabilities, including bonds payable, net pension liability and total OPEB liability are not due and payable in the current year and, therefore, are not reported in the governmental funds.

# BAXTER COMMUNITY SCHOOL DISTRICT RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES YEAR ENDED JUNE 30, 2021

| Change in fund balances - total | governmental funds (page | 22) |
|---------------------------------|--------------------------|-----|
|---------------------------------|--------------------------|-----|

\$ (1,127,438)

### Amounts reported for governmental activities in the Statement of Activities are different because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, those costs are not reported in the Statement of Activities and are allocated over their estimated useful lives as depreciation expense in the Statement of Activities. Capital outlay expenditures and depreciation expense in the current year are as follows:

| Capital outlay  Depreciation expense  | \$<br>1,315,277<br>(385,511) | 929,766                 |
|---|------------------------------|-------------------------|
| Income surtax receivable is not considered available revenue and is recognized as deferred inflows of resources in the governmental funds.  |                              | 12,611                  |
| Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in Statement of Net Position.   |                              | 466,000                 |
| Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the governmental funds when due. In the Statement of Activities, interest expense is recognized as the interest accrues, regardless of when it is due. |                              | 1,370                   |
| The current year District IPERS contributions are reported as expenditures in the governmental funds but are reported as deferred outflows of resources in the Statement of Net Position.   |                              | 293,671                 |
| Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds, as follows:  Pension expense  | (406,666)                    |                         |
| Total OPEB liability and related expenses  Change in net position of governmental activities (page 19)  | <br>(33,975)                 | (440,641)<br>\$ 135,339 |

#### Non-cash investing, capital and related financing activities:

During the year ended June 30, 2021, the District received \$17,191 of federal commodities.

#### BAXTER COMMUNITY SCHOOL DISTRICT NOTES TO FINANCIAL STATEMENTS JUNE 30, 2021

#### (1) Summary of Significant Accounting Policies

Baxter Community School District is a political subdivision of the State of Iowa and operates public schools for children in grades kindergarten through twelve and special education pre-kindergarten. Additionally, the District either operates or sponsors various adult education programs. These courses include remedial education as well as career and technical and recreational courses. The geographic area served includes the City of Baxter, Iowa and the predominate agricultural territory in Jasper and Marshall Counties. The District is governed by a Board of Education whose members are elected on a non-partisan basis.

The District's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

#### A. Reporting Entity

For financial reporting purposes, Baxter Community School District has included all funds, organizations, agencies, boards, commissions and authorities. The District has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the District. The District has no component units which meet the Governmental Accounting Standards Board criteria.

<u>Jointly Governed Organizations</u> - The District participates in a jointly governed organization that provides services to the District but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The District is a member of the Jasper and Marshall County Assessors' Conference Boards.

#### B. Basis of Presentation

<u>Government-wide Financial Statements</u> - The Statement of Net Position and the Statement of Activities report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by tax and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for service.

The Statement of Net Position presents the District's nonfiduciary assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. Net position is reported in the following categories:

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt attributable to the acquisition, construction or improvement of those assets.

Restricted net position results when constraints placed on net position use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

*Unrestricted net position* consists of net position not meeting the definition of the preceding categories. Unrestricted net position often has constraints on resources that are imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants, contributions and interest restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

<u>Fund Financial Statements</u> - Separate financial statements are provided for governmental and proprietary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds. Combining schedules are also included for the Capital Projects Fund accounts.

The District reports the following major governmental funds:

The General Fund is the general operating fund of the District. All general tax revenues and other revenues not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, including instructional, support and other costs.

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities and other capital assets.

The Management Levy Fund is used to account for management fund tax levies and for tort liability insurance premiums, unemployment compensation insurance claims and early retirement incentive payments.

The Debt Service Fund is utilized to account for property tax and other revenues to be used for the payment of interest and principal on the District's general long-term debt.

The District reports the following nonmajor proprietary fund:

The District's proprietary fund is the Enterprise, School Nutrition Fund. The School Nutrition Fund is used to account for the food service operations of the District.

#### C. Measurement Focus and Basis of Accounting

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the District.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated

absences are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs and then general revenues.

When an expenditure is incurred in governmental funds which can be paid using either restricted or unrestricted resources, the District's policy is generally to first apply the expenditure toward restricted fund balance and then to less-restrictive classifications - committed, assigned and then unassigned fund balances.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's Enterprise Fund is charges to customers for sales and services. Operating expenses for Enterprise Funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

## D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Fund Equity/ Net Position

The following accounting policies are followed in preparing the financial statements:

<u>Cash</u>, <u>Pooled Investments and Cash Equivalents</u> - The cash balances of most District funds are pooled and invested. Investments are stated at fair value except for the investments in the lowa Schools Joint Investment Trust which are valued at amortized cost and non-negotiable certificates of deposit which are stated at amortized cost.

For purposes of the Statement of Cash Flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, have a maturity date no longer than three months.

<u>Property Tax Receivable</u> - Property tax in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date the tax asking is certified by the Board of Education. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Education to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the District is required to certify its budget in April of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is reported as a deferred inflow of resources in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2019 assessed property valuations; is for the tax accrual period July 1, 2020 through June 30, 2021 and reflects the tax asking contained in the budget certified to the County Board of Supervisors in April 2020.

<u>Due from Other Governments</u> - Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

<u>Inventories</u> - Inventories are valued at cost using the first-in, first-out method for purchased items and government commodities. Inventories of proprietary funds are recorded as expenses when consumed rather than when purchased or received.

<u>Capital Assets</u> - Capital assets, which include property, machinery and equipment and intangibles acquired after July 1, 1980 are reported in the applicable governmental or business type activities columns in the government-wide Statement of Net Position. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value. Acquisition value is the price that would have been paid to acquire a capital asset with equivalent service potential. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Reportable capital assets are defined by the District as assets with an initial, individual cost in excess of the following thresholds and estimated useful lives in excess of two years.

| Asset Class                     | Amount  |
|---------------------------------|---------|
| Land                            | \$<br>_ |
| Buildings                       | 5,000   |
| Land improvements               | 5,000   |
| Intangibles                     | 50,000  |
| Machinery and equipment:        |         |
| School Nutrition Fund equipment | 500     |
| Other machinery and equipment   | 5,000   |

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

|                         | Estimated       |
|-------------------------|-----------------|
| Asset Class             | Useful Lives    |
| •                       |                 |
| Buildings               | 50 years        |
| Land improvements       | 20 years        |
| Intangibles             | 2 or more years |
| Machinery and equipment | 5-12 years      |

<u>Deferred Outflows of Resources</u> - Deferred outflows of resources represent a consumption of net position applicable to a future year(s) which will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows of resources consist of unrecognized items not yet charged to pension and OPEB expense, the unamortized portion of the net difference between projected and actual earnings on pension plan investments and contributions from the District after the measurement date but before the end of the District's reporting period.

<u>Salaries and Benefits Payable</u> - Payroll and related expenditures for teachers with annual contracts corresponding to the current school year, which are payable in July and August, have been accrued as liabilities.

<u>Unearned Revenue</u> - Unearned revenues are monies collected for lunches that have not yet been served. The lunch account balances will either be reimbursed or served lunches. The lunch account balances are reflected on the Statement of Net Position for the Proprietary, School Nutrition Fund.

<u>Long-Term Liabilities</u> - In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column in the Statement of Net Position.

<u>Pensions</u> - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Iowa Public Employees' Retirement System (IPERS) and additions to/deductions from IPERS' fiduciary net position have been determined on the same basis as they are reported by IPERS. For this purpose, benefit payments, including refunds of employee contributions, are recognized when due and payable in accordance with the benefit

terms. Investments are reported at fair value. The net pension liability attributable to the governmental activities will be paid primarily by the General Fund.

<u>Total OPEB Liability</u> - For purposes of measuring the total OPEB liability, deferred outflows of resources related to OPEB and OPEB expense, information has been determined based on the District's actuary report. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. The total OPEB liability attributable to the governmental activities will be paid primarily by the General Fund while the portion attributable to the business type activities will be paid primarily by the Enterprise, School Nutrition Fund.

<u>Deferred Inflows of Resources</u> - Deferred inflows of resources represent an acquisition of net position applicable to a future year(s) which will not be recognized as an inflow of resources (revenue) until that time. Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources in the governmental fund financial statements represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources in the fund financial statements consist of property tax receivables and other receivables not collected within sixty days after year end.

Deferred inflows of resources on the Statement of Net Position consist of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied and unrecognized items not yet charged to pension and OPEB expense.

<u>Fund Equity</u> - In the governmental fund financial statements, fund balances are classified as follows:

<u>Restricted</u> - Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors or state or federal laws or imposed by law through constitutional provisions or enabling legislation.

Unassigned - All amounts not included in the preceding classification.

#### E. Budget and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2021, expenditures exceeded the amounts budgeted in the support services and other expenditures functions as well as in total.

#### (2) Cash and Pooled Investments

The District's deposits in banks at June 30, 2021 were entirely covered by federal depository insurance or by the State Sinking Funds in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to ensure there will be no loss of public funds.

The District is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Education; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

At June 30, 2021, the District had investments in the Iowa Schools Joint Investment Trust (ISJIT) Direct Government Obligations Portfolio which are valued at an amortized cost of \$159,082 respectively. There were no limitations or restrictions on withdrawals of the ISJIT. The investments in ISJIT were rated AAAm by Standard's and Poor's Financial Services.

#### (3) Capital Assets

Capital assets activity for the year ended June 30, 2021 was as follows:

|   | Balance<br>Beginning | Inaucasa  | Daaraaaa  | Balance<br>End |
|---|----------------------|-----------|-----------|----------------|
| Governmental activities:                          | of Year              | Increases | Decreases | of Year        |
| Capital assets not being depreciated:             |                      |           |           |                |

| Food service operations                           |                      |           |           | \$ 676         |
|   |                      |           |           |                |

#### (4) Interfund Transfers

The detail of the transfer for the year ended June 30, 2021 is as follows:

| Transfer to   | Transfer from   | Amount     |
|---|---|------------|
| Debt Service  | Capital Projects: Statewide Sales, Services and Use Tax | \$ 266,395 |
| Capital Projects: Statewide Sales, Services and Use Tax | Capital Projects: Other<br>Capital Projects             | 537,318    |
| Capital Projects: Physical<br>Plant and Equipment Levy  | General   | 16,800     |
| Total   |   | \$ 820,513 |

The transfer from the Capital Projects: Statewide Sales, Services and Use Tax Fund to the Debt Service Fund was needed for principal and interest on the revenue bonds.

The transfer from the Capital Projects: Other Capital Projects Fund to the Capital Projects: Statewide Sales, Services and Use Tax Fund was needed to recover upfront costs from fiscal year 2019 for the design and development of the fiscal year 2018 building project.

The transfer from the General Fund to the Capital Projects: Physical Plant and Equipment Levy Fund was needed for ESSER II expenditures.

#### (5) Long-Term Liabilities

Changes in long-term liabilities for the year ended June 30, 2021 are summarized as follows:

|                           | -         | Balance<br>Beginning |           | <b>5</b>   | Balance<br>End | Due<br>Within |
|---------------------------|-----------|----------------------|-----------|------------|----------------|---------------|
|                           |           | of Year              | Additions | Reductions | of Year        | One Year      |
| Governmental activities:  |           |                      |           |            |                |               |
| General obligation bonds  | \$        | 6,010,000            | -         | 256,000    | 5,754,000      | 268,000       |

| Total     |           | \$                      | 5,575,000 | 1,806,150 |          | \$                      | 179,000   | 12,424   | 5,754,000 | 1,818,574 | 7,572,574 |

#### Revenue Bonds

Details of the District's June 30, 2021 statewide sales, services, and use tax revenue bonded indebtedness is as follows:

| Year      | Bond Issue June 27, 2019 |      |           |          |           |  |  |  |
|-----------|--------------------------|------|-----------|----------|-----------|--|--|--|
| Ending    | Interest                 |      |           |          |           |  |  |  |
| June 30,  | Rate                     |      | Principal | Interest | Total     |  |  |  |
|           |                          |      |           |          |           |  |  |  |
| 2022      | 2.64                     | % \$ | 215,000   | 49,764   | 264,764   |  |  |  |
| 2023      | 2.64                     |      | 220,000   | 44,088   | 264,088   |  |  |  |
| 2024      | 2.64                     |      | 225,000   | 38,280   | 263,280   |  |  |  |
| 2025      | 2.64                     |      | 230,000   | 32,340   | 262,340   |  |  |  |
| 2026      | 2.64                     |      | 240,000   | 26,268   | 266,268   |  |  |  |
| 2027-2029 | 2.64                     |      | 755,000   | 40,260   | 795,260   |  |  |  |
| Total     |                          | \$   | 1,885,000 | 231,000  | 2,116,000 |  |  |  |

The District has pledged future statewide sales, services and use tax revenues to repay the \$2,300,000 of bonds issued in June 2019. The bonds were issued for the purpose of providing funds to build, furnish, and equip additions to and repair, remodel, equip, and improve existing school facilities, including site improvements. The bonds are payable solely from the proceeds of the statewide sales, services and use tax revenues received by the District and are payable through 2029. The bonds are not a general obligation of the District. However, the debt is subject to the constitutional debt limitation of the District. Annual principal and interest payments on the bonds are expected to require approximately 82% of the statewide sales, service and use tax revenues. The total principal and interest remaining to be paid on the bonds is \$2,116,000. For the current year \$210,000 in principal and \$55,308 in interest was paid on the bonds and total statewide sales, services and use tax revenues were \$322,136.

#### (6) Pension Plan

<u>Plan Description</u> - IPERS membership is mandatory for employees of the District, except for those covered by another retirement system. Employees of the District are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by the Iowa Public Employees' Retirement System (IPERS). IPERS issues a stand-alone financial report which is available to the public by mail at P.O. Box 9117, Des Moines, Iowa 50306-9117 or at <a href="https://www.ipers.org">www.ipers.org</a>.

IPERS benefits are established under lowa Code chapter 97B and the administrative rules thereunder. Chapter 97B and the administrative rules are the official plan documents. The following brief description is provided for general information purposes only. Refer to the plan documents for more information.

<u>Pension Benefits</u> - A Regular member may retire at normal retirement age and receive monthly benefits without an early-retirement reduction. Normal retirement age is age 65, any time after reaching age 62 with 20 or more years of covered employment or when the member's years of service plus the member's age at the last birthday equals or exceeds 88, whichever comes first. These qualifications must be met on the member's first month of entitlement to benefits. Members cannot begin receiving retirement benefits before age 55. The formula used to calculate a Regular member's monthly IPERS benefit includes:

- A multiplier based on years of service.
- The member's highest five-year average salary, except members with service before June 30, 2012 will use the highest three-year average salary as of that date if it is greater than the highest five-year average salary.

If a member retires before normal retirement age, the member's monthly retirement benefit will be permanently reduced by an early-retirement reduction. The early-retirement reduction is calculated differently for service earned before and after July 1, 2012. For service earned before July 1, 2012, the reduction is 0.25% for each month the member receives benefits before the

member's earliest normal retirement age. For service earned on or after July 1, 2012, the reduction is 0.50% for each month the member receives benefits before age 65.

Generally, once a member selects a benefit option, a monthly benefit is calculated and remains the same for the rest of the member's lifetime. However, to combat the effects of inflation, retirees who began receiving benefits prior to July 1990 receive a guaranteed dividend with their regular November benefit payments.

<u>Disability and Death Benefits</u> - A vested member who is awarded federal Social Security disability or Railroad Retirement disability benefits is eligible to claim IPERS benefits regardless of age. Disability benefits are not reduced for early retirement. If a member dies before retirement, the member's beneficiary will receive a lifetime annuity or a lump-sum payment equal to the present actuarial value of the member's accrued benefit or calculated with a set formula, whichever is greater. When a member dies after retirement, death benefits depend on the benefit option the member selected at retirement.

<u>Contributions</u> - Contribution rates are established by IPERS following the annual actuarial valuation, which applies IPERS' Contribution Rate Funding Policy and Actuarial Amortization Method. State statute limits the amount rates can increase or decrease each year to 1 percentage point. IPERS Contribution Rate Funding Policy requires the actuarial contribution rate be determined using the "entry age normal" actuarial cost method and the actuarial assumptions and methods approved by the IPERS Investment Board. The actuarial contribution rate covers normal cost plus the unfunded actuarial liability payment based on a 30-year amortization period. The payment to amortize the unfunded actuarial liability is determined as a level percentage of payroll, based on the Actuarial Amortization Method adopted by the Investment Board.

In fiscal year 2021, pursuant to the required rate, Regular members contributed 6.29% of covered payroll and the District contributed 9.44% of covered payroll, for a total rate of 15.73%.

The District's contributions to IPERS for the year ended June 30, 2021 were \$301,263.

Net Pension Liability, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2021, the District reported a liability of \$2,796,402 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions to IPERS relative to the contributions of all IPERS participating employers. At June 30, 2020, the District's proportion was 0.039808%, which was a decrease of 0.002702% from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the District recognized pension expense of \$413,781. At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|  | Deferred Outflows of Resources |         | Deferred Inflows of Resources |
|--|--------------------------------|---------|-------------------------------|
| Differences between expected and actual experience   | \$                             | 3,089   | 66,282                        |
| Changes of assumptions   |                                | 143,538 | -                             |
| Net difference between projected and actual earnings on IPERS' investments   |                                | 157,202 | -                             |
| Changes in proportion and differences between District contributions and the District's proportionate share of contributions |                                | 60,199  | 113,216                       |
| District contributions subsequent to the measurement date  |                                | 301,263 | -                             |
| Total  | \$                             | 665,291 | 179,498                       |

\$301,263 reported as deferred outflows of resources related to pensions resulting from the District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ended<br>June 30, | Amount                 |
|------------------------|------------------------|
| 2022<br>2023           | \$<br>30,598<br>50,452 |
| 2024                   | 43,603                 |
| 2025<br>2026           | 72,307<br>(12,430)     |
| Total                  | \$<br>184,530          |

There were no non-employer contributing entities at IPERS.

<u>Actuarial Assumptions</u> - The total pension liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Rate of inflation (effective June 30, 2017)                   | 2.60% per annum.  |
|---|---|
| Rates of salary increase (effective June 30, 2017)            | 3.25 to 16.25% average, including inflation.<br>Rates vary by membership group. |
| Long-term investment rate of return (effective June 30, 2017) | 7.00% compounded annually, net of investment expense, including inflation.      |
| Wage growth<br>(effective June 30, 2017)                      | 3.25% per annum, based on 2.60% inflation and 0.65% real wage inflation.        |

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an economic assumption study dated March 24, 2017 and a demographic assumption study dated June 28, 2018.

Mortality rates used in the 2020 valuation were based on the RP-2014 Employee and Health Annuitant Tables with MP-2017 generational adjustments.

The long-term expected rate of return on IPERS' investments was determined using a building-block method in which best-estimate ranges of expected future real rates (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| Asset Class              | Asset Allocation | Long-Term Expected<br>Real Rate of Return |
|--------------------------|------------------|---|
| Domestic equity          | 22.0%            | 4.43%                                     |
| International equity     | 17.5             | 5.15                                      |
| Global smart beta equity | 6.0              | 4.87                                      |
| Core plus fixed income   | 28.0             | (0.29)                                    |
| Public credit            | 4.0              | `2.29 <sup>′</sup>                        |
| Cash                     | 1.0              | (0.78)                                    |
| Private equity           | 11.0             | 6.54                                      |
| Private real assets      | 7.5              | 4.48                                      |
| Private credit           | 3.0              | 3.11                                      |
| Total                    | 100.0%           |   |

<u>Discount Rate</u> - The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed employee contributions will be made at the contractually required rate and contributions from the District will be made at contractually required rates, actuarially determined. Based on those assumptions, IPERS' fiduciary net position was projected to be available to make all projected future benefit payments to current active and inactive employees. Therefore, the long-term expected rate of return on IPERS' investments was applied to all periods of projected benefit payments to determine the total pension liability.

<u>Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate</u> - The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate 1% lower (6.00%) or 1% higher (8.00%) than the current rate.

|   | 1%           | Discount  | 1%        |
|---|--------------|-----------|-----------|
|   | Decrease     | Rate      | Increase  |
|   | (6.00%)      | (7.00%)   | (8.00%)   |
| District's proportionate share of the net pension liability | \$ 4,662,765 | 2,796,402 | 1,231,486 |

<u>IPERS' Fiduciary Net Position</u> - Detailed information about IPERS' fiduciary net position is available in the separately issued IPERS financial report which is available on IPERS' website at <u>www.ipers.org</u>.

## (7) Other Postemployment Benefits (OPEB)

Data of inflation

<u>Plan Description</u> - The District administers a single-employer benefit plan which provides medical and prescription drug benefits for employees, retirees and their spouses. Group insurance benefits are established under lowa Code Chapter 509A.13. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

<u>OPEB Benefits</u> - Individuals who are employed by the District and are eligible to participate in the group health plan are eligible to continue healthcare benefits upon retirement. Retirees under age 65 pay the same premium for the medical and prescription drug benefits as active employees, which results in an implicit rate subsidy and an OPEB liability.

Retired participants must be age 55 or older at retirement. At June 30, 2021, the following employees were covered by the benefit terms:

Active employees <u>54</u>

<u>Total OPEB Liability</u> - The District's total OPEB liability of \$285,098 was measured as of June 30, 2021 and was determined by an actuarial valuation dated July 1, 2019.

<u>Actuarial Assumptions</u> - The total OPEB liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions and the entry age normal actuarial cost method, applied to all periods included in the measurement.

| Rate of inflation          | 3.00% per annum.  |
|----------------------------|---|
| Rates of salary increase   | <ol><li>3.25% per annum, including inflation.</li></ol>           |
| Discount rate              | <ol><li>3.50% compounded annually, including inflation.</li></ol> |
| Healthcare cost trend rate | 7.50% for FY2020, decreasing to an ultimate rate of 5.00%.        |

<u>Discount Rate</u> - The discount rate used to measure the total OPEB liability was 3.50% which reflects the index rate for 20-year tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher as of the measurement date.

Mortality rates are from the RP 2014 Annuitant distinct mortality table adjusted to 2006 with MP-2019 generational projection of future mortality improvement. Annual retirement probabilities are based on varying rates by age and turnover probabilities mirroring those used by IPERS.

## Changes in the Total OPEB Liability

|  | tal OPEB<br>Liability      |
|--|----------------------------|
| Total OPEB liability beginning of year                       | \$<br>257,232              |
| Changes for the year: Service cost Interest Benefit payments | 22,303<br>9,711<br>(4,148) |
| Net changes  | 27,866                     |
| Total OPEB liability end of year                             | \$<br>285,098              |

<u>Sensitivity of the District's Total OPEB Liability to Changes in the Discount Rate</u> - The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate 1% lower (2.50%) or 1% higher (4.50%) than the current discount rate.

|                      | <br>1%        | Discount | 1%       |
|----------------------|---------------|----------|----------|
|                      | Decrease      | Rate     | Increase |
|                      | <br>(2.50%)   | (3.50%)  | (4.50%)  |
| Total OPEB liability | \$<br>313,579 | 285,098  | 259,117  |

<u>Sensitivity of the District's Total OPEB Liability to Changes in the Healthcare Cost Trend Rates</u> - The following presents the total OPEB liability of the District as well as what the District's total OPEB liability would be it were calculated using healthcare cost trend rates 1% lower (6.50%) or 1% higher (8.50%) than the current healthcare cost trend rates.

|                      |               | Healthcare |          |
|----------------------|---------------|------------|----------|
|                      | 1%            | Cost Trend | 1%       |
|                      | Decrease      | Rate       | Increase |
|                      | (6.50%)       | (7.50%)    | (8.50%)  |
| Total OPEB liability | \$<br>249,894 | 285,098    | 327,948  |

<u>OPEB Expense and Deferred Outflows of Resources Related to OPEB</u> - For the year ended June 30, 2021, the District recognized OPEB expense of \$39,680. At June 30, 2021, the District reported deferred outflows of resources related to OPEB from the following resources:

|   | Deferred Outflows      | Deferred Inflows |
|---|------------------------|------------------|
|   | of Resources           | of Resources     |
| Differences between expected and actual experience Changes in assumptions | \$<br>62,494<br>47,293 | 35,354<br>-      |
| Total   | \$<br>109,787          | 35,354           |

The amount reported as deferred outflows of resources related to OPEB will be recognized as OPEB expense as follows:

| Year Ended<br>June 30, |    | Amount |
|------------------------|----|--------|
| 2022                   | \$ | 7,666  |
| 2023                   | •  | 7,666  |
| 2024                   |    | 7,666  |
| 2025                   |    | 7,666  |
| 2026                   |    | 7,666  |
| Thereafter             |    | 36,103 |
| Total                  | \$ | 74,433 |

## (8) Risk Management

The District is a member in the Iowa School Employees Benefits Association (ISEBA), an Iowa Code Chapter 28E organization. ISEBA is a local government risk-sharing pool whose members include various schools throughout the State of Iowa. The Association was formed in July 1999 for the purpose of managing and funding employee benefits. The Association provides coverage and protection in the following categories: medical, life, accidental death and dismemberment and long-term disability.

The District's contributions, which include deficit recovery assessments, to the risk pool are recorded as expenditures from its General Fund at the time of payment to the risk pool. District contributions to ISEBA for the year ended June 30, 2021 were \$349,417.

Members agree to continue membership in the pool for a period of not less than one full year. After such period, a member who has given 30 days prior notice may withdraw.

The District is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The District assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

## (9) Tax Abatements

Governmental Accounting Standards Board Statement No. 77 defines tax abatements as a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments.

## Tax Abatements of Other Entities

Other entities within the District provide tax abatements for urban renewal and economic development projects pursuant to Chapters 15 and 403 of the Code of Iowa.

Property tax revenues of the District were reduced by the following amounts for the year ended June 30, 2021 under agreements entered into by the following entities:

| Entity         | Tax Abatement Program                              | <br>nount of<br>x Abated |
|----------------|--|--------------------------|
| City of Baxter | Urban Renewal and Economic<br>Development Projects | \$<br>11,524             |

The State of lowa reimburses the District an amount equivalent to the increment of valuation on which property tax is divided times \$5.40 per \$1,000 of taxable valuation. For the year ended June 30, 2021, this reimbursement amounted to \$5,076.

## (10) Categorical Funding

In accordance with lowa Administrative Code Section 98.1, categorical funding is financial support from the state and federal governments targeted for particular categories of students, special programs, or special purposes. This support is in addition to school district or area education agency general purpose revenue, for purposes beyond the basic educational program and most often has restrictions on its use. Any portion of categorical funding provided by the state that is not expended by the end of the fiscal year must be carried forward as a restricted fund balance.

The following is a schedule of the categorical funding restricted in the General Fund at June 30, 2021.

| Program                                  | F                                      | Amount |  |
|--|--|--------|--|
| Four-Year-Old Preschool State Aid        | \$                                     | 24     |  |
| Successful Progression for Early Readers | ful Progression for Early Readers 31,0 |        |  |
| Professional Development                 |  | 13,781 |  |
| Total                                    | \$                                     | 44,866 |  |

## (11) Area Education Agency

The District is required by the Code of Iowa to budget for its share of special education support, media and educational services provided through the Area Education Agency. The District's actual amount for this purpose totaled \$145,081 for the year ended June 30, 2021 and is recorded in the General Fund by making a memorandum adjusting entry to the cash basis financial statements.

## (12) Reconciliation of Governmental Fund Balances to Net Position

Reconciliation of certain governmental fund balances to net position is as follows:

|  | Ne   | et investment  | Debt     | School         | Unassigned/  |
|--|------|----------------|----------|----------------|--------------|
|  | in C | Capital Assets | Service  | Infrastructure | Unrestricted |
| Fund balance (Exhibit C)                         | \$   | -              | 56,633   | 1,010,656      | 403,871      |
| Capital assets, net of accumulated depreciation  |      | 13,094,209     | -        | -              | -            |
| General obligation bond capitalized indebtedness |      | (5,754,000)    | -        | -              | -            |
| Revenue bond capitalized indebtedness            |      | (1,885,000)    | -        | -              | -            |
| Unspent bond proceeds                            |      | 159,097        | -        | (159,097)      | -            |
| Accrued interest payable                         |      | -              | (32,371) | -              | -            |
| Income surtax                                    |      | -              | -        | -              | 143,073      |
| Pension related deferred outflows                |      | -              | -        | -              | 649,035      |
| Pension related deferred inflows                 |      | -              | -        | -              | (175,225)    |
| Net pension liability                            |      | -              | -        | -              | (2,729,848)  |
| Total OPEB liability                             |      | -              | -        | -              | (272,611)    |
| OPEB related deferred outflows                   |      | -              | _        | -              | 104,979      |
| OPEB related deferred inflows                    |      | -              | -        | -              | (33,805)     |
| Net position (Exhibit A)                         | \$   | 5,614,306      | 24,262   | 851,559        | (1,910,531)  |

### (13) Budget Overexpendiutres

Per the Code of Iowa, expenditures may not exceed appropriations at the function level. During the year ended June 30, 2021 expenditures exceeded the amounts budgeted in the support services and other expenditures functions as well as in total.

### (14) Extraordinary Item

During the year ended June 30, 2021, the District received insurance proceeds from EMC totaling \$298,308 for damage caused by the derecho on August 10, 2020.

## (15) Prospective Accounting Change

Governmental Accounting Standards Board has issued Statement No. 87, <u>Leases</u>. This statement will be implemented for the fiscal year ending June 30, 2022. The revised requirements of this statement will require reporting of certain potentially significant lease liabilities that are not currently reported.

## (16) COVID-19

In March 2020, the COVID-19 outbreak was declared a global pandemic. The disruption to businesses across a range of industries in the United States continues to evolve. The full impact to local, regional and national economies, including that of the Baxter Community School District, remains uncertain.

To date, the outbreak has not created a material disruption to the operations of Baxter Community School District. However, the extent of the financial impact of COVID-19 will depend on future developments, including the spread of the virus, duration and timing of the economic recovery. Due to these uncertainties, management cannot reasonably estimate the potential impact to Baxter Community School District.

## BAXTER COMMUNITY SCHOOL DISTRICT NOTES TO REQUIRED SUPPLEMENTARY INFORMATION - BUDGETARY REPORTING YEAR ENDED JUNE 30, 2021

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparison for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds except Private Purpose Trust and Custodial Funds. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is prepared on a GAAP basis.

Formal and legal budgetary control for the certified budget is based upon four major classes of expenditures known as functions, not by fund. These four functions are instruction, support services, non-instructional programs and other expenditures. Although the budget document presents function expenditures or expenses by fund, the legal level of control is at the aggregated function level, not by fund. The Code of Iowa also provides District expenditures in the General Fund may not exceed the amount authorized by the school finance formula.

During the year ended June 30, 2021, expenditures in the support services and other expenditures functions exceeded the amounts budgeted as well as in total.

## BAXTER COMMUNITY SCHOOL DISTRICT NOTES TO REQUIRED SUPPLEMENTARY INFORMATION - PENSION LIABILITY YEAR ENDED JUNE 30, 2021

## Changes of benefit terms:

There are no significant changes in benefit terms.

## Changes of assumptions:

The 2018 valuation implemented the following refinements as a result of a demographic assumption dated June 28, 2018:

- Changed mortality assumptions to the RP-2014 mortality tables with mortality improvements modeled using Scale MP-2017.
- Adjusted retirement rates.
- Lowered disability rates.
- Adjusted the probability of a vested Regular member electing to receive a deferred benefit
- Adjusted the merit component of the salary increase assumption.

The 2017 valuation implemented the following refinements as a result of an experience study dated March 24, 2017:

- Decreased the inflation assumption from 3.00% to 2.60%.
- Decreased the assumed rate of interest on member accounts from 3.75% to 3.50% per year.
- Decreased the discount rate from 7.50% to 7.00%.
- Decreased the wage growth assumption from 4.00% to 3.25%.
- Decreased the payroll growth assumption from 4.00% to 3.25%.

The 2014 valuation implemented the following refinements as a result of a quadrennial experience study:

- Decreased the inflation assumption from 3.25% to 3.00%.
- Decreased the assumed rate of interest on member accounts from 4.00% to 3.75% per year.
- Adjusted male mortality rates for retirees in the Regular membership group.
- Moved from an open 30-year amortization period to a closed 30-year amortization period for the UAL (unfunded actuarial liability) beginning June 30, 2014. Each year thereafter, changes in the UAL from plan experience will be amortized on a separate closed 20-year period.

Independent Auditor's Report on Internal Control
over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance with
Government Auditing Standards

### To the Board of Education of Baxter Community School District:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in <u>Government Auditing Standards</u> issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Baxter Community School District as of and for the year ended June 30, 2021, and the related Notes to Financial Statements, which collectively comprise Baxter Community School District's basic financial statements, and have issued our report thereon dated January 11, 2023.

## **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Baxter Community School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Baxter Community School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Baxter Community School District's internal control

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify a certain deficiency in internal control, described in Part I of the accompanying Schedule of Findings as item I-A-21 that we consider to be a material weakness.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Baxter Community School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under <u>Government Auditing Standards</u>. However, we noted a certain immaterial instance of non-compliance or other matters which is described in Part II of the accompanying Schedule of Findings.

Comments involving statutory and other legal matters about the District's operations for the year ended June 30, 2021 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the District. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

## Baxter Community School District's Responses to Findings

Baxter Community School District's responses to the findings identified in our audit are described in the accompanying Schedule of Findings. Baxter Community School District's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Baxter Community School District during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

NOLTE, CORNMAN & JOHNSON, P.C.

## BAXTER COMMUNITY SCHOOL DISTRICT SCHEDULE OF FINDINGS YEAR ENDED JUNE 30, 2021

### Part I: Findings Related to the Financial Statements:

#### **INSTANCES OF NON-COMPLIANCE:**

No matters were noted.

#### **INTERNAL CONTROL DEFICIENCIES:**

### I-A-21 Segregation of Duties

<u>Criteria</u> - Management is responsible for establishing and maintaining internal control. A good system of internal control provides for adequate segregation of duties so no one individual handles a transaction from its inception to completion. In order to maintain proper internal control, duties should be segregated so the authorization, custody, and recording of transactions are not under the control of the same employee. This segregation of duties helps prevent losses from employee error or dishonesty and maximizes the accuracy of the District's financial statements.

<u>Condition</u> - One important aspect of the internal control structure is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. One individual has control over one or more of the following areas for the District:

- 1) Cash handling and recording cash, posting and reconciling.
- Receipts collecting, recording, depositing, journalizing, posting and reconciling.
- 3) <u>Disbursements</u> purchase order processing, check preparation, mailing and recording.
- 4) Wire transfers processing and approving.
- 5) <u>Computer systems</u> performing all general accounting functions and controlling all data input and output.
- 6) Journal entries writing, approving, and posting.
- 7) <u>School lunch program</u> journalizing, posting, reconciling, purchase order processing, check preparation, mailing and recording.

<u>Cause</u> - The District has a limited number of employees and procedures have not been designed to adequately segregate duties or provide compensating controls through additional oversight of transactions and processes.

<u>Effect</u> - Inadequate segregation of duties could adversely affect the District's ability to prevent or detect and correct misstatements, errors, or misappropriation on a timely basis by employees in the normal course of performing their assigned functions.

<u>Recommendation</u> - We realize that with a limited number of office employees, segregation of duties is difficult. However, the District should review its control procedures to obtain the maximum internal control possible under the circumstances.

<u>Response</u> - The District continues to review and adjust the control procedures to obtain maximum segregation of duties whenever feasible.

Conclusion - Response accepted.

## BAXTER COMMUNITY SCHOOL DISTRICT SCHEDULE OF FINDINGS YEAR ENDED JUNE 30, 2021

## Part II: Other Findings Related to Required Statutory Reporting:

II-A-21 <u>Certified Budget</u> - Expenditures for the year ended June 30, 2021 exceeded the certified budgeted amounts in the support services and other expenditures functions as well as in total.

Recommendation - The certified budget should have been amended in accordance with Chapter 24.9 of the Code of lowa before expenditures were allowed to exceed the budget.

<u>Response</u> - The District will ensure an amendment to the budget is done accordingly.

Conclusion - Response accepted.

- II-B-21 <u>Questionable Expenditures</u> No expenditures we believe may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 were noted.
- II-C-21 <u>Travel Expense</u> No expenditures of District money for travel expenses of spouses of District officials or employees were noted. No travel advances to District officials or employees were noted.
- II-D-21 <u>Business Transactions</u> No business transactions between the District and District officials or employees were noted.
- II-E-21 Restricted Donor Activity No transactions were noted between the District, District officials or District employees and restricted donors in compliance with Chapter 68B of the Code of Iowa.
- II-F-21 <u>Bond Coverage</u> Surety bond coverage of District officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure the coverage is adequate for current operations.
- II-G-21 <u>Board Minutes</u> We noted no transactions requiring Board approval which have not been approved by the Board.
- II-H-21 <u>Certified Enrollment</u> No variances in the basic enrollment data certified to the lowa Department of Education were noted.
- II-I-21 <u>Supplementary Weighting</u> No variances in the supplementary weighting certified to the lowa Department of Education were noted.
- II-J-21 <u>Deposits and Investments</u> No instances of non-compliance with the deposit and investment provisions of Chapter 12B and Chapter 12C of the Code of Iowa and the District's investment policy were noted.
- II-K-21 <u>Certified Annual Report</u> The Certified Annual Report was filed with the Department of Education timely and we noted no significant deficiencies in the amounts reported.
- II-L-21 <u>Categorical Funding</u> No instances of categorical funding being used to supplant rather than supplement other funds were noted.

II-M-21 Statewide Sales, Services and Use Tax - No instances of non-compliance with the allowable uses of the statewide sales, services and use tax revenue provided in Chapter 423F.3 of the Code of Iowa were noted. Pursuant to Chapter 423F.5 of the Code of Iowa, the annual audit is required to include certain reporting elements related to the statewide sales, services and use tax revenue. Districts are required to include these reporting elements in the Certified Annual Report (CAR) submitted to the Iowa Department of Education. For the year ended June 30, 2021, the District reported the following information regarding the statewide sales, services and use tax revenue in the District's CAR:

| Beginning balance                  |            | \$<br>461,910 |
|------------------------------------|------------|---------------|
| Revenues:                          |            |               |
| Sales tax revenues                 | \$ 322,136 |               |
| Transfer from other funds          | 537,318    | <br>859,454   |
| Expenditures/transfers out:        |            |               |
| School infrastructure construction | \$ 4,201   |               |
| Equipment                          | 196,894    |               |
| Other                              | 2,315      |               |
| Transfers to other funds:          |            |               |
| Debt service fund                  | 266,395    | <br>469,805   |
| Ending balance                     |            | \$<br>851,559 |

For the year ended June 30, 2021, the District did not reduce any levies as a result of the moneys received under Chapter 423E or 423F of the Code of Iowa.
